Support your local societies and the Rocky Mountain oil and gas community.

Contact the RMAG office for details.

The Prospect Fair

The Prospect Fair will display the best available opportunities for increasing your company's reserves. Properties and prospects from all interior North American basins are being solicited.

The Technofest

The Technofest will feature software developers, data vendors and service companies displaying the latest in geophysical, geological, drilling, completion, exploration and production technology and research.

Where does the Rocky Mountain
oil patch come together?
The Denver Prospect Fair & TechnoFest!

Where else north of the Red River can you combine viewing the best prospects the Rocky Mountain region has to offer with a glimpse at the latest products and services in the industry? Our booth format alternates rows of prospect exhibitors with technical exhibitors—a layout that has received rave reviews in the past!

**AGAIN THIS YEAR—
